On paper the future of European Monetary Integration never looked more promising than now: The Maastricht Treaty has finally been ratified by all twelve member governments in mid October 1993, even the most sceptical states Denmark and the U.K., so that the aim of European Monetary Union (E.M.U.) rests on a solid legal basis now. On January 1, 1994 the European Monetary Institute (E.M.I.) began its operations with a goal of intensifying monetary coordination in Europe.} In addition, the E.M.I. will prepare the conceptual groundwork for the activities of the future European Central Bank (E.C.B.). The 'Road to a common Europe' has been opened and monetary policy roadsigns point in the direction of European Monetary Union with a single currency. In reality, the prospects of the achievement of E.M.U. have deteriorated in the course of 1993 and under present conditions the likelihood of a failure of...
