Elsevier Science Publishing Co Inc, United States, 2014. Paperback. Book Condition: New. 226 x 148 mm. Language: English . Brand New Book. Hematology in Traditional Chinese Medicine Cardiology instructs readers on the blood, complement and immune system from the western and Chinese medicine perspectives. The book focuses on the cardiovascular issues concerning blood and the immune system, provides laboratory values concerning blood and the cardiovascular system, and covers cardiovascular diseases from the Chinese medicine and western medicine perspectives. It compares the eight principles in traditional Chinese medicine with basic science perspectives in western medicine, analyzes laboratory blood testing for heart diseases, and discusses the use of blood results for diagnosing and monitoring. It balances basic theories in Chinese medicine with basic medical sciences on blood, immune system and cardiovascular diseases. It provides laboratory tests and values necessary for the monitoring of blood quality, and other tests for monitoring cardiovascular diseases in integrative Chinese medicine. It prepares the practitioner to sit for the Niambi Wellness Integrative anatomy and patho-physiology in cardiology final online exam.
