Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from *The Human Figure: Its Beauties and Defects* The learned author of *Schönheit und Fehler der menschlichen Gestalt* requires little introduction either to the scientific or to the artistic world in this country, for his name has been closely associated with the progress of human physiology in all its branches for upwards of forty years, and during the whole of his professional career he has applied much of his knowledge and power of research to the elucidation of questions of art. His love for art - doubtless an inheritance from his father, who was a distinguished painter of portraits and historical pictures - was brought into service as early as 1846, when he was elected teacher of anatomy in the Akademie der Künste, in Berlin; and since this time his innumerable contributions to scientific literature have been interspersed with important essays bearing upon the subject of his predilections. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
