The Nature of Things

By Titus Lucretius Carus, (Translator) A. E. Stallings,
(Introduction) Richard Jenkyns

Penguin Books, 2007. PaperBack. Book Condition: New. This new, nearly line-by-line translation is in rhyming couplets and uses modern terminology to reflect the impact of Lucretius's work, a didactic poem in six books that expounds his philosophical beliefs. A profound exploration of the human relation to the earth, to the world, and to the Gods, 'The Nature of Things' (c.50 BC) was to have a huge influence on poets such as Virgil. Notes, Glossary of Proper Names. 265p.

Reviews

This publication is really gripping and exciting. It really is basic but unexpected situations in the 50 % in the book. It is extremely difficult to leave it before concluding, once you begin to read the book.
