Reviews

This book is definitely not easy to get going on reading through but extremely exciting to see. I am quite late in start reading this one, but better then never. I am pleased to explain how here is the finest book i actually have read inside my individual daily life and may be he best book for ever.

THE WELFARE STATE: PENSIONS, HEALTH, AND EDUCATION: V. 6

DOWNLOAD

Liberty Fund Inc. Paperback. Book Condition: new. BRAND NEW, The Welfare State: Pensions, Health, and Education: v. 6, Colin Robinson, Volume 6 of "The Collected Works of Arthur Seldon" examines the failure of state-supported welfare programs to benefit the people most in need of help. The eight articles and one book in this volume encompass almost forty years of criticism of the welfare state. Seldon argues that the welfare state cannot, in the long run, solve the problem of poverty. It is driven by misguided egalitarian views which make it universalist, providing benefits for the middle classes as well as the poor. Because it finances welfare through taxation, it damages incentives to work. Moreover it diminishes motivations to save and to provide for ones family as the state appears to take over such responsibilities. Once free welfare services are begun they are very difficult to stop. But, says Seldon, permanent state welfare is unnecessary: as peoples incomes rise, most are capable of providing for themselves and their families. In the end, people will revolt against inferior state services and the state will have to retreat.
