NATURAL RIGHTS ON THE THRESHOLD OF THE SCOTTISH ENLIGHTENMENT (PAPERBACK)

DOWNLOAD

Liberty Fund Inc, United States, 2002. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book. An important figure in the natural law tradition and in the Scottish Enlightenment, Gershom Carmichael defended a strong theory of rights and drew attention to Grotius, Pufendorf, and Locke. Gershom Carmichael was a teacher and writer who played an important role in the Scottish Enlightenment of the eighteenth century. His philosophy focused on the natural rights of individuals--the natural right to defend oneself, to own the property on which one has labored, and to services contracted for with others. Carmichael argued that slavery is incompatible with the rights of men and citizens, and he believed that subjects have the right to resist rulers who exceed the limits of their powers. Although he appealed to the authority of Grotius and Locke, the grounds on which he defended natural rights were distinctively his own. He drew upon the Reformed or Presbyterian theology to propose that, in respecting the natural rights of individuals, one shows one's reverence for God's creation. Inasmuch as all of mankind longs for lasting happiness, which can be found only in worship of or reverence for God, such reverence is the natural law which obliges all to respect the rights of all. Natural Rights includes Supplements and Observations on Pufendorf (1724), Natural Theology (1729), Logic (1722), two theses, and a manuscript on teaching, all in English for the first time. Gershom Carmichael (1672-1729) was the first professor of moral philosophy at the University of Glasgow, preceding Hutcheson, Smith, and Reid. James Moore is Professor of Political Science at Concordia University in Montreal. Michael Silverthorne is Honorary University Fellow in the School of Classics at the University of Exeter. Knud Haakonssen is Professor of Intellectual History and Director...
