This ebook is worth purchasing. It is written in straightforward words and not hard to understand. You will not feel monotony at any time of your respective time (that's what catalogs are for about in the event you ask me).

AN ARTICLE ABOUT GROWING TREE FRUIT WITH A FOCUS ON PLUMS AND DAMSONS

Barton Press. Paperback. Book Condition: New. This item is printed on demand. Paperback. 24 pages. This early work on plum and damson cultivation is both expensive and hard to find in its first edition. It contains information on pruning, manuring, picking and much more. This is a fascinating work and is thoroughly recommended for the amateur fruit grower. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork. This item ships from La Vergne, TN. Paperback.
