By H E Sies

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Gardening in Southern California In Southern California, soil conditions are so varied, that there can be no set rule for its preparation any further than the use of decomposed vegetation, cow and horse manure will apply everywhere. Most chemical fertilizers in time leave the soil in an impoverished condition. The various fertilizers that will be mentioned in this booklet, are soil builders to a more or less degree. Your own experience must determine the one or ones best suited for your use. The writer will adhere strictly to the planting and growing conditions for Southern California, as they apply to city homes, and in compiling this booklet has only one aim and thought in mind. That is to endeavor to place before its readers in as plain and clear a manner as possible how to prepare the soil and succeed in the growing of those things the most universally sought for. If he has succeeded in placing the subject matter in a way that the reader gets the full value out of it, he will...
